

**Customers trust the opinions of fellow travelers.**

**ZenReview increases the number of reviews for your hotel...**

**ZenReview helps you to generate reviews for your website.**

ZenReview is integrated in ZenRez and can be used as an add-on to your ZenRez solution.

**ZenReview collects customer feedback.**

Guest feedback is used to help you increase guest satisfaction and improve your reputation online.

Feedback is then posted to hotel review websites which improves reputation and visibility of your hotel.

- **Monitoring of reputation**
- **Timely response to guest concerns**
- **Increases the number of guest reviews collected and posted on review websites**

**ZenReview empowers**

**ZenReview is an easy to use solution for managing your hotels reputation online.**

After a brief configuration the solution will significantly increase the number of reviews available for your property.
